

# Information Technology (IT) Systems Engineering Cybersecurity (Cyber)

## CAPABILITIES STATEMENT

DSoft Technology is a highly qualified Information Technology, Systems Engineering, and Cybersecurity Alaskan Native Corporation (ANC) Small Disadvantaged Business headquartered in Colorado Springs, CO and supporting clients across the United States. As a catalyst for innovation, DSoft Technology provides the thought leadership, planning, development, implementation, and maintenance of services, technologies, and processes required to assure mission-critical capabilities for our federal civilian, defense, intelligence, and commercial clients.

DSoft Technology was founded in 1998 and is an independent, wholly owned subsidiary of Yulista Holding, LLC (YHL) which consists of 19 subsidiaries operating globally with 2,000+ employees. Our structure provides the resources and services of a large company while retaining the flexibility and cost efficiency of a small business. DSoft Technology has access to various federal contracts, including Federal Government-Wide Acquisition Contracts (GWACS), Agency-Specific Vehicles, and GSA Multiple Award Schedule (MAS) under the IT Services, Cloud Computing, and Engineering Services SINs.

## CORE COMPETENCIES

### SOFTWARE SERVICES

- Modeling, Simulation & Analysis
- Software Engineering
- Agile Software Development
- Database Development
- Geospatial Information Engineering & Analysis
- Web/Mobile/Intranet Development & Content Management Systems
- Section 508/ADA Compliance

### SYSTEMS ENGINEERING

- Concept of Operations (ConOps)
- Human Factors Engineering & Research
- Department of Defense Architecture Framework (DODAF)
- Requirements, Design, Test, and Optimization
- Model-Based Systems Engineering (MBSE)
- Trade Studies, Analysis of Alternatives

### DATA SERVICES

- Data Collection
- Data Management
- Data Extraction, Translation & Load (ETL)
- Data Visualization
- Data Analytics
- Data Governance

### INFRASTRUCTURE SERVICES

- Systems Engineering
- DevOps/DevSecOps
- Cloud Architecture, Hosting, Migration & Solutions
- Infrastructure Engineering

### CYBERSECURITY SERVICES

- Governance
- Security Operations
- Counter-Insider Threat
- Risk Management Framework (RMF)
- Information Security & Assurance
- Security Engineering

### MANAGED SERVICES

- Helpdesk
- Email
- Information Security
- Network Maintenance, Support, & Monitoring
- Data Storage
- Server Maintenance & Support
- Managed Backup & Restore
- Cloud Engineering & Integration
- Knowledge Management

### TRAINING SERVICES

- Instructional Systems Engineering/Design
- Interactive Multimedia Instructional (IMI) Design & Development
- Courseware Development & Delivery
- Virtual/Augmented Reality

### PROGRAM MANAGEMENT OFFICE

- Program Management
- Project Management
- Risk Management
- Financial/Earned Value Management
- Business Analysis
- Requirements Management
- Change Management

## CORPORATE DATA

**AGE:** 1ERV7

**DUNS:** 933525008

**EI:** W9VKXF63ENM1

**Work Area:** CONUS

**NAICS:** 541511, 541512, 541519, 541330, 541720

**Contract Vehicles:** GSA MAS | GS-35F-0538W | FAA eFAST MOA 693KA9-22-A-00223

Microsoft Certified Partner ID #586447 | Umbraco Gold Partner | Acquia Partner for Drupal CMS | AWS GovCloud (US) | Microsoft Azure Government & DevOps | Scrum Alliance & Agile Software Development

# WHEN ONE WINS, WE ALL WIN.

Our contracts and profits serve 36,000 Alaskan Native Shareholders, our neighbors, and our team members.

## OUR SHAREHOLDERS

Yulista is a wholly-owned subsidiary of Calista Corporation. The Calista Region encompasses 58,000 square miles and is the second largest Alaska Native Claims Settlement Act region in land size. There are no roads that connect it with the rest of Alaska. Because everything must be flown or barged to each community, the costs of food, fuel, transportation, and energy are extraordinarily high. Calista Corporation and its subsidiaries work hard to improve and enrich the way of life for our Shareholders and Descendants.

## YULISTA + DSOFT

In 2023, DSoft Technology was acquired by Yulista Holding, LLC. As a wholly-owned subsidiary of Yulista, DSoft is now part of Yulista's Tech Services Group serving customers in Federal, DoD, Civil, and commercial markets across the globe. We don't just win jobs to make a profit, we win jobs to make a way of life and help support remote village communities in Alaska.

## PAST PERFORMANCE

### U.S. SPACE FORCE

Project Details: Modeling, Simulation & Analysis, Information Technology, Military Utility Analysis, Astrodynamics Analysis, Web Technologies Development & Integration, CI/CD Pipeline, Kill Chain & Threat Modeling, Test & Evaluation, Staff Support

### SPACE OPERATIONS COMMAND

Project Details: Software Development, CI/CD Pipeline, Agile Training, Web Technologies Development & Integration

### U.S. STRATEGIC COMMAND

Project Details: Joint Mission Thread Development

### FEDERAL AVIATION ADMINISTRATION

Project Details: Human Factors Engineering, Human-in-the-Loop Simulations, Data Analysis & Reporting, Custom Software Development

### VETERANS ADMINISTRATION

Project Details: Software Engineering, Risk Management, Information Assurance, SharePoint, Azure, Power Platform, Power Apps, Power BI

### U.S. DEPARTMENT OF COMMERCE

Project Details: Umbraco Content Management System (CMS), SQL, SharePoint, Power Platform, Power Automate, Power Apps, Dataverse

### U.S. DEPARTMENT OF AGRICULTURE

Project Details: Web Technologies Development & Integration, Geospatial Information Systems for Wildland Firefighting Portal

### LOCAL GOVERNMENT, COMMERCIAL & NON-PROFITS

Project Details: Custom Business Software, Database Management, Umbraco CMS, Drupal CMS, Power BI

## BENEFITS OF WORKING WITH YULISTA

### Leverage the Power & Flexibility of 8(a) Contracting

- Sole Sourced Contracts with No J&A (\$100M DOD; \$25M non-DOD) Awards Cannot Be Protested
- Streamlined Process: Months, Not Years
- Expedited Pricing and Contract Negotiations
- More Control of Scope and Budget

### Large Business Strength with Small Business Values

- Proven Performance History on Over 7,000 Contracts and Task Orders
- Original Equipment Manufacturer Capabilities,
- Small Business Cost
- Certified Quality Driven Processes Designed to
- Meet Mission Agility
- Approx. 700k sq/ft of Manufacturing, R&D, and Integration Facilities
- Certified Back Office Systems that Ensure Cost, Schedule, and Performance
- Streamlined Infrastructure that Simplifies Decisions and Speed to Customers
- Over 100k sq/ft Fully NAS3306 Compliant Modification, Integration, and Sustainment Aircraft Hangars Supporting 3 FAA Part 145 Repair Centers

WE GUARANTEE TO DELIVER ON EVERY PROMISE, SO YOU CAN DELIVER ON YOURS.
